

**HMS CAROLINE**  
BELFAST

## A Postcard Home

Sailors would often send their family a postcard or letter to keep in touch. There were no phones, no tablets and no internet.

- Imagine you are at sea on HMS Caroline in 1916... what would you say on your postcard home?
- Who would you send it to?
- And remember... letters and postcards were all censored to make sure secret information wasn't being leaked!
